Gentlemen:

I represent the family of one of the passengers that was killed aboard a Sebena Belgian Airlines, Boeing 707, which crashed on February 15, 1961 at Berg, Belgium. The passenger was aboard Sebena Flight 548 from New York to Belgium.

I am writing you to inquire if your office has conducted an investigation of this crash. If an investigation has been made I would appreciate your advising me if I might secure a copy of your findings, what facts and information was developed, and what conclusions were reached, if any, as to the probable cause of the crash.

I would appreciate any other assistance that you might give me in trying to determine the facts of this accident.

Yours truly

C. Allen High
